

The Alabama Department of Mental Health Presents:

Regional Crisis System Assessment Meetings

As part of a state-wide priority initiative to develop an effective mental health crisis continuum of care in Alabama, we will be hosting eight regional assessment meetings in two phases.

- Phase I, information gathering sessions, begin the week of February 10. All stakeholder groups are welcome to attend any available sessions.
- Phase II will begin the week of February 24 and will build on information gained from original meetings. Phase II will consist of in-depth break-out sessions divided by stakeholder group.

As a key stakeholder, we want your input to identify priority needs and opportunities to build an effective regionally responsive crisis system. This information will be utilized in developing the first Crisis Continuum RFP to be released later this year.

Targeted stakeholder groups include:

- Community mental health centers;
- Law enforcement;
- Hospitals;
- Local judges;
- Complex Populations/IDD;
- and more.

Meeting dates and locations on back.

Regional Crisis System Assessment Meetings

Please join us.

Each location will offer a morning and afternoon session to accommodate varying schedules. Phase II Meetings: Breakout sessions for all locations are scheduled by specific stakeholder group and assigned to either a morning or afternoon time slot.

Morning session
Registration: 9:30 am
Meeting: 10:00 am - 12:00 pm

Afternoon session
Registration: 1:00 pm
Meeting: 1:30 pm - 3:30 pm

PHASE I Meetings: Group Discussion

All stakeholder groups welcome at either meeting time.
